The network offer

The CIPFA Welsh Finance Advisory Network (WFAN) supports practitioners working in local government finance and accounting to address their current and future challenges.

The FAN service offers a wide range of workshops and network events to support practitioners in their roles, providing expert support and guidance, and centred on all aspects of best practice in public finance and accountancy.

As well as our 'open' events programme, our regular and ad-hoc workshops, including our 'Introduction to' Essentials workshops, can also be delivered on-site (webinar or face to face), at a special discounted rate for subscribers.

The FAN website contains the documentation written to accompany our open events along with briefing notes, newsletters and archive material from previous years, all of which can be downloaded free of charge by subscribers.

Our monthly subscriber newsletter contains updates on changes to relevant accounting and financial reporting requirements, details of scheduled events and conferences, alerts on key CIPFA and Government consultations, and links to news stories that might be of interest to practitioners.

FAN aims to support public sector organisations in promoting good practice in financial management and reporting and ensuring practitioners are well informed and appropriately skilled to tackle the challenges they face. For those with specific accounting questions, our advisors are on hand to help and can be accessed via email or telephone. For queries, we aim to respond within three working days, and we will inform you if it's likely to take longer to consider the issue.

How to join?

If you would like further information about the benefits of subscribing to the FAN or would like a quote, please contact [David Ellis](#) 020 7543 5648, [Mark Catlow](#) 020 7543 5735 or [Jennifer Bevan](#) 020 7543 5615, who will be delighted to assist you.
